Good health is a team effort

With our Medicare Advantage Dual Eligible Special Needs Plan, or D-SNP, you'll have a personal care team in your corner, ready to help you reach your best health and make life easier.

- When assigned a **nurse case manager**, they are the single point of contact to help coordinate your care.
- Your **care manager** will help schedule doctor appointments, arrange rides and work with you to meet your personal needs.
- A dedicated Member Services team is available to assist with questions about your plan benefits.

Are you eligible to enroll?

To join our plan, you must:

- You must live in the Mercy Care Advantage service area, which includes all counties in the state of Arizona. Those Arizona counties are Apache, Cochise, Coconino, Gila, Graham, Greenlee, La Paz, Maricopa, Mohave, Navajo, Pima, Pinal, Santa Cruz, Yavapai and Yuma.
- Have Medicare Part A
- Have Medicare Part B
- Be enrolled with the Arizona Health Care Cost Containment System (AHCCCS) for state Medicaid benefits.

What is Dual Eligibility?

Medicaid is a joint federal and state government program that helps with medical costs for certain people with limited incomes and resources. Medicaid benefits are valuable because the state provides additional healthcare coverage and financial support based on your Medicare Savings Program (MSP) aid level (see chart below). Medicaid coverage varies and what you pay for covered services may depend on your level of Medicaid eligibility. Some people with Medicaid get help paying for their Medicare premiums and other costs. Other people may also get coverage for additional services and drugs that are covered under Medicaid but not by Medicare.

Dual Eligible Special Needs Plan (D-SNPs) are specialized Medicare Advantage plans that provide healthcare and prescription drug benefits for individuals that have both Medicare and Medicaid coverage. Individuals must meet certain plan eligibility requirements to enroll in a D-SNP plan.

| Medicare Savings Program | What it covers |
|--|---|
| <p>Qualified Medicare Beneficiary (QMB)</p> | <p>A person determined to be eligible as a Qualified Medicare Beneficiary (QMB), and eligible for AHCCCS Complete Care services, or Arizona Long Term Care System (ALTCS) services. A QMB Dual person receives both Medicare and Medicaid services and cost sharing assistance to help pay Medicare Part A and Part B premiums, and other cost sharing (like deductibles, coinsurance, and copayments). Some people with QMB are also eligible for full AHCCCS Medicaid benefits (QMB+).</p> |
| <p>Specified Low-Income Medicare Beneficiary (SLMB)</p> | <p>A person who qualifies as a Medicare beneficiary and for AHCCCS (Medicaid) cost sharing assistance with their Medicare Part B premium is known as a Specified Low Income Medicare Beneficiary (SLMB). This person does not qualify for QMB due to their income exceeding the QMB Federal Poverty level. Some people with SLMB are also eligible for full AHCCCS Medicaid benefits (SLMB+).</p> |
| <p>Full Benefit Dual Eligible (FBDE)</p> | <p>A person who is entitled to Medicare, does not meet either QMB Plus or SMB Plus categorical income criteria, but is determined eligible for full AHCCCS benefits (Freedom to Work Member). For an Other Full Benefit Dual Eligible Member, AHCCCS does not provide payment for either Medicare Part A or Part B premiums.</p> |
| <p>What is “Extra Help?”</p> | <p>“Extra Help” is a Medicare program to help people with limited income and resources pay Medicare drug coverage (Part D) premiums, deductibles, coinsurance, and other costs.</p> <p>Some people qualify for Extra Help automatically, and other people must apply. Extra Help is automatically provided if you get:</p> <ul style="list-style-type: none"> • Full Medicaid coverage • Help from your state paying your Part B premiums (from a Medicare Savings Program) • Supplemental Security Income (SSI) benefits from Social Security |
| <p>Medicare Prescription Payment Plan (M3P)</p> | <p>The Medicare Prescription Payment Plan is a new payment option in the prescription drug law that works with your current drug coverage to help you manage your out-of-pocket Medicare Part D drug costs by spreading them across the calendar year (January-December). Starting in 2025, anyone with a Medicare drug plan or Medicare health plan with drug coverage (like a Medicare Advantage Plan with drug coverage) can use this payment option. All plans offer this payment option and participation is voluntary.</p> |

Things to know

Our Medicare Advantage D-SNP plan is for people on Medicare who are also eligible for Medicaid. It replaces your Original Medicare coverage. You'll still have Medicare, but you'll get coverage through us, instead of the federal government. We cover everything Original Medicare does and offer other additional benefits and services too.

This plan is available to anyone who has both Medicare and AHCCCS Medicaid. With your AHCCCS eligibility you will pay less for some of your Medicare health care services. AHCCCS also provides other benefits to you by covering health care services not usually covered under Medicare. You'll also receive "Extra Help" from Medicare to pay for the costs of your Medicare prescription drugs.

Mercy Care Advantage provides access to a robust network of doctors, hospitals, pharmacies, and other providers. Your primary care provider (PCP) will work with you and help coordinate your care. When you enroll, we'll ask who your PCP is. If you don't choose one, we'll assign one to you. You can always change the PCP by calling us.

If you get medical care from out-of-network providers, neither Medicare nor our plan will be responsible for the costs. Exceptions apply for emergency care, urgently needed care when you are out of our service network, out-of-area dialysis services, and when our plan authorizes the use of out-of-network providers.

Our plan includes prescription drug coverage and uses a drug list, also known as formulary. The drug list is designed for Medicare individuals and includes a comprehensive selection of generic and brand name drugs. We provide access to a large network of pharmacies. You must generally use network pharmacies to fill your prescriptions.

Please refer to our Mercy Care Advantage Evidence of Coverage for complete plan coverage information. If you would like to receive a copy of the 2025 Mercy Care Advantage Evidence of Coverage, Formulary, or the Provider/Pharmacy directory by mail, please call member services at **1-877-436-5288** (TTY **711**) 8 AM-8 PM, 7 days a week. You can also view these materials on our plan website starting on October 15, 2024, at **MercyCareAZ.org**.

We must provide information in a way that works for you (in languages other than English, in audio, in braille, in large print, or other alternate formats, etc.). Please call member services if you need plan information in another format.

If you want to know more about Original Medicare, look in the 2025 "Medicare & You" handbook. View it online at www.medicare.gov. Or get a copy by calling **1-800-MEDICARE (1-800-633-4227)** (TTY **1-877-486-2048**), 24 hours a day, 7 days a week.

Part D costs depend on your Extra Help

If you are receiving “Extra Help” you will pay the amounts in the chart below for covered drugs and you will not pay a Part D deductible. “Extra Help” helps pay Medicare drug coverage (Part D) premiums, deductibles, coinsurance, and other costs.

Our Part D drug list (called a formulary) has 1 tier and covers a 31-day and 100-day supply of covered drugs received from participating retail pharmacies. This includes home infusion drugs obtained through your Part D benefit; specialty drugs have a 30-day supply limit.

We cover a 31-day supply of covered drugs received from a long-term care pharmacy. If you reside in a long-term care facility, you pay the same as at a retail pharmacy. We cover a 100-day supply of covered drugs through the CVS® mail-order program. You may get drugs from an out-of-network pharmacy at the same cost as an in-network pharmacy in certain situations.

Some drugs require prior authorization approval from us first before we’ll cover them. Sometimes we need you to try certain drugs first to treat your medical condition before we’ll cover another drug for that condition; this is called step therapy.

You can review our drug list at: [MercycareAZ.org/advantage/part-d.html](https://www.mercycareAZ.org/advantage/part-d.html).

Part D prescription out-of-pocket costs

Part D deductible: There is no Part D deductible for this plan.

Initial Coverage Stage: This stage begins when you fill your first prescription of the calendar year. During this stage, the plan pays its share of the cost of your drugs, and you pay your share of the cost (see table below).

Coverage Gap Stage: There is no coverage gap stage for this plan.

Catastrophic Coverage Stage: \$2,000 annually

If your out-of-pocket drug costs reach this amount you’ll pay nothing for covered drugs for the remainder of the year.

|---|---------------------------|
| Generics (including brand drugs treated as generic) | \$0, \$1.60, or \$4.90 |

Important message about what you pay for insulin – Medicare now limits the copay for insulin products to \$35 per month. You won’t pay more than the Part D drug copays listed in this document for a one-month supply of each insulin product covered by our plan because you qualify for “Extra Help”.

Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at **602-414-7630** or **1-866-571-5781** (TTY **711**), 8:00 a.m. – 8:00 p.m., 7 days a week.

Understanding the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially those services for which you routinely see a doctor. Visit **MercyCareAZ.org** to view a copy of the EOC or call **602-586-1730** or **1-877-436-5288** (TTY **711**), 8:00 a.m. – 8:00 p.m., 7 days a week to request a copy to be mailed to you.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the list of plan pharmacies included in our combined provider and pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

Understanding Important Rules

- Effect on Current Coverage.** If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.
- You must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month. However, if you are a full-dual eligible individual, your monthly Part B premium is paid by the state.
- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2025.
- Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
- This plan is a dual eligible special needs plan (D-SNP). Your ability to enroll will be based on verification that you are entitled to both Medicare and medical assistance from a state plan under Medicaid.

Mercy Care Advantage is an HMO SNP with a Medicare contract and a contract with the Arizona Medicaid Program. Enrollment in Mercy Care Advantage depends on contract renewal.
